MR. JOHN HALMOND

June 7, 1956

Dear Mr. Halmond:

The Annual Staff of Nineteen Hundred Fifty-Six gratefully dedicates this volume of the "Norseman" to you, Mr. Halmond, to show our appreciation for all you have done for us and our school. For your years of faithful service as golf coach, your outstanding interest in the National Honor Society, your loyalty as a class advisor, and your never-failing sense of humor and willingness to help us with our little everyday problems of living, we choose this means of expressing our sincerest thanks.

We therefore extend our hope for your continued success and happiness, and the Seniors bid you a fond farewell.

Sincerely,

The Annual Staff

### TO THE JUNIOR CLASS

We leave in your hands the responsibility of leadership. For, many of us, North Muskegon High School will be our only Alma Mater, and for the rest of our lives we will point with pride to OUR SCHOOL. Those of us who go on to other educational institutions will always owe North Muskegon High School our first loyalty. We have tried to keep the standards high, and it is our sincere hope that you will be able to better the example that we have set for you. You have our warmest wishes for success in all you undertake, and we have every confidence in your ability to make the student body of North Muskegon High the envy of every other school. We hope you will take the initiative in promoting pride of achievement and loyalty to the principles which have always been an integral part of our high school experience

Farewell,  
The Seniors.

## EXECUTIVE BOARD

L. to R. Dave Hanes, representative; Arlene Cilla, representative; Dorothy Linnau, secretary; Pete Sheldon, president; Bob Kersman, vice-pres.; Jim Damm, treasurer Not pictured, Linnea Swartz, representative.

A new idea in class government was initiated by the junior class this year. Because the class was unduly large, and many class decisions could not be delayed until a class meeting could be called, the class decided to elect three representatives to work with the class officers as an executive board.

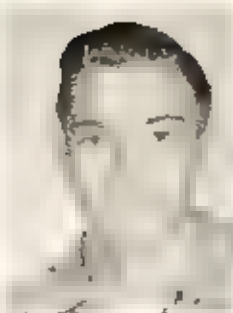

This board has the power to transact business.

This form of class government has worked very successfully, and has reduced the number of class meetings needed during the course of the year.

## The History Of The Jean Baptiste Recollect Chapter Of The National Honor Society

The Jean Baptiste Recollect Chapter of the National Honor Society of Secondary Schools was organized in the North Muskegon High School, February 14, 1945, under the sponsorship of Mr. Kelly Dunsmore, High School Principal

National Honor Society Chapters traditionally select as their Chapter names, the name of an early pioneer or local figure who has made an important contribution to the community in years past. The North Muskegon High School Chapter selected as its chapter name that of Jean Baptiste Recollect, the first permanent white settler in North Muskegon. Recollect erected a trading post in 1812 on the shores of Bear Lake, twenty rods from its mouth. From this trading post, Recollect did business with the Indians of the territory

The organization has many accomplishments to its credit. In 1954-1955, with the Student Council they sent the Cheerleaders to a camp, and gave \$150.00 toward the purchase of new Band uniforms. Since the fall of 1955 we have re-organized the student-help program which was originated in 1953, and sponsored three study help movies to improve the study habits of the student body. At Christmas we donated services to the T. B. Association and later to the Crippled Children's Society. We have sent books to Korea, provided supervised recreation periods for the Children's Home, sent food to Italy, conducted a magazine drive for the benefit of foreign lands and donated money to the score board fund. Through these projects we have served our school, our community and our country

## QUALIFICATIONS FOR MEMBERSHIP

Membership into the National Honor Society is based on the four cardinal principles of its organization: Character, the composite of all the common virtues, sets the seal of righteousness upon our every endeavor; Scholarship, the power of the mind to dispel ignorance and superstition through scientific investigation of truth; Leadership, the power of personality that blazes the trail for man's upward climb, and Service, the beginning and end of our education, the altar of altruism from which God's Blessings to man have been granted

The staff consists of nineteen reporters who interview students and get their views on various subjects. In addition, all sponsored activities are reported upon in the paper. There are four editors who plan the paper, make reporter assignments, and co-ordinate the activities of the staff. This group has done a very fine job of reporting the school news to the student body
